tasting notes

CHARDONNAY SEMILLON 2004

Region Adelaide Hills, South Australia

Vineyard/Location Corkscrew Road

Alc/Vol 12.5%

Grape Variety 74% Chardonnay 26% Semillon

Oak Unoaked

A cool climate, light, elegant Chardonnay blend.

Delicately flavoured grapes from a small, dryland vineyard, picked early, and this year's vintage has given us enough Semillon for blending.

Our view is that the blend of Chardonnay and Semillon complement each other perfectly. Unoaked – the fresh varietal fruit flavours can stand up splendidly on their own. A clean fresh well balanced palate with crisp lemon/melon flavours

With bottle age this wine has developed some nice mature characters whilst still retaining its freshness. Suitable for drinking either on its own or with a wide range of foods including all seafood and Asian dishes

Serve chilled.
